EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Daniel Bucca on August 6, 2004.

The application has been amended as follows: Claim 5, at line 1, after the word "exposing" the article "a" has been replaced with the article --the--.

Claims 15-18, have been deleted.

The preceding amendment was made to overcome minor informalities. Claims 15-18 were deleted because they are directed to a non-elected invention.

2. The following is an examiner's statement of reasons for allowance: Claims 1-14, are allowable over the prior art of record (U. S. Patent No. 6,383,574 (Han et al), and U. S. Patent No. 5,232,566 (Edmonson et al)) because the prior art of record fails to disclose a method of patterning a magnetic layer having a high coercivity for forming a magnetic recording medium comprising forming a data zone in or on the magnetic layer for storing data.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
